

Oil spill seminar
Beyond the Response:
a look at the science and policy behind dispersants
December 15, 2015 | 9:40 am CST

Note: This event is hosted by the US Coast Guard NOLA Area Committee meeting held on the NASA Michoud base. Due to security, this event is available via the web only.

<http://gulfseagrant.org/oilspilloutreach/presentations>

Please join our webinar to learn about dispersants – from toxicity testing and the development of novel dispersants, to legal and policy considerations.

9:40 AM | Emily Maung-Douglass, Ph.D.
Sea Grant-GoMRI partnership to share oil spill science

9:50 AM | Mace Barron, Ph.D.
Comparative toxicity of chemical oil dispersants

10:10 AM | Vijay John, Ph.D.
The Science and Technology of Dispersants

10:30 AM | Melissa Daigle, J.D.
Considering dispersants from a legal & policy perspective
