

# OIL SPILL SCIENCE

SEA GRANT PROGRAMS OF THE GULF OF MEXICO

## Prioritizing Health and Oil Spill Preparedness

**December 4th & 5th, 2018, 8 am—5 pm CST**  
**Houma-Terrebonne Civic Center, 346 Civic Center Blvd, Houma, LA**

*Join us for a workshop!* We'll be gathering to listen and learn from each other about physical, mental, social, economic, cultural, and spiritual impacts from Gulf of Mexico oil spills. Be ready to share ideas about improving preparedness and response regarding human health in your communities, including

- \*Suggest public health protocols to include in existing response and regulatory frameworks,
- \*Identify pilot project ideas,
- \*Identify research and outreach priorities
- \*Identifying resources available to address local and regional public health and disaster issues.

The workshop is free and lunch will be served, but space is limited. Reserve your seat now by registering online at <https://www.surveymonkey.com/r/G3FNHLV>
